

Rover Metals announces Director Compensation

Vancouver, British Columbia – (July 30, 2020) – Rover Metals Corp. (TSXV: ROVR) (OTCQB: ROVMF) (“Rover Metals” or the “Company”) announces stock options grants to certain members of its Board of Directors and a common shares for services agreement with one of its Directors. Certain Directors of the Company will receive 900,000 incentive stock options, with a four year life, fully vested, and an exercise price of \$0.075 per option share. The incentive stock options have been granted from the Company’s allocated 10% rolling share option plan approved by the shareholders of the Company at its last annual general meeting.

The Company has also applied to the Toronto Venture Exchange (the “TSXV”) to seek approval of a common shares for services agreement with Louis Covello, for \$2,500 per month in Director services for a one-year term (the “Covello Agreement”). The Covello Agreement is subject to approval by the TSXV, including the per share value of the common shares. If approved, the Company intends to make settlement of Covello Agreement on a quarterly basis. Any future common shares issued pursuant to the Covello Agreement will be subject to the required regulatory hold period. This is an initial press release. The Company plans to issue a further press release once it has completed the pending conditions and provide the information prescribed by applicable policies of the TSXV related to the Covello Agreement.

Judson Culter, CEO at Rover Metals, states “Lou Covello, P.Geol, is a resident of Yellowknife, NT, and an independent consulting geologist to the exploration industry. His professional experience spans more than four decades, and includes serving as President and a Director for Aurora Geosciences and its' predecessor, Covello, Bryan and Associates. He has worked as a professional geologist throughout Canada, and extensively in the Northwest Territories. He is a member and past President of the NWT and Nunavut Chamber of Mines as well a member of the NWT and Nunavut Association of Professional Engineers and Geoscientists, the Canadian Institute of Mining, Metallurgy and Petroleum and the Geological Association of Canada.

Mr. Covello was involved in the last major drilling exploration program at the Cabin Lake gold project. He is a key member of our technical team, and strategically based in Yellowknife, which is more important than ever given travel restrictions in place as a result of COVID-19. The Company is focussed on advancing the Cabin Lake gold project, and Lou’s involvement over the next year will be needed in order to make the program a success.”
